

ISP® RECERTIFICATION CREDIT GUIDE

Requirements:

- Candidates must recertify every three years by the last day of the month in which the candidate originally became certified.
- If application, payment, and ALL supporting documentation are not submitted by the last day of the month past the recertification deadline, certification will lapse.** Sixty CEUs are required for recertification.
- All requests for credits to be used for recertification will be adjudicated by the NCMS ISP® Committee.
- No more than 50% of the claimed recertification credits can come from Membership and Voluntary Service activities. At least 50% of the credits must come from Educational Programs and Courses, Instruction, Speeches and Other Presentations, or Publications.
- The same activity may not be counted under more than one category. (For example, a presentation originally given orally cannot be published and counted both as a presentation and a published article.)
- Include all documentation to support claimed recertification. Not including the required documentation may cause your certification to lapse.
